183905 6/5

Build Your Own Boffer (Ages 6-18) - Thursday, August 8, 1:30 to 4:00 pm. Design a boffer sword to take home at the end of class. Limited to 30 participants, this class will also include time to boffer together. *Attendees under 9 must be accompanied by an adult. Space is limited, register online or call 360-385-6544 to sign up. Materials will be provided by a generous donation from Hadlock Building Supply.*
183937 6/5

Computer Lingo Bingo - Tuesday, August 6, 3:00 to 4:00 pm. Learn about technology while playing a fun game of Bingo! Bingo cards will list basic technology terms, and participants will learn what these terms mean as we play.
183935 6/5

Cruise the Solar System (Ages 5-11) - Friday, July 12, 1:00 to 2:30 pm. The Solar System is really enormous. In fact, it's so big that it's kind of hard to imagine. Learn about our amazing solar system, and discover the size of and distance between the Sun, planets, asteroids, and comets.
183917 6/5

Drawing Workshop for Teens: Worlds of Wonder and Cool Looking Heroes (Ages 11-18) - Thursday, July 11, 2:00 to 3:30 pm. Conceptualize, sketch, and finally fully design your own sci-fi super hero, then illustrate your newly

developed character in amazing full color! Join artist and illustrator Jesse Joshua Watson to learn about figure drawing, costume design, dynamic composition, and color. All materials will be provided.
183914 6/5

Drawing Workshop for Teens: Worlds of Wonder and Cool Looking Heroes (Ages 11-18) - Thursday, June 27, 2:00 to 3:30 pm. Conceptualize, sketch, and fully design your own sci-fi super hero, then illustrate your newly developed character in amazing full color! Join artist and illustrator Jesse Joshua Watson to learn about figure drawing, costume design, dynamic composition, and color. All materials will be provided in this two-part workshop, which continues on July 11. Each class covers different content, so feel free to attend one or both sessions.
183904 6/5

Egg Drop Re-Entry (Ages 5-11) - Friday, August 2, 1:00 to 2:30 pm. Research, design, and create a landing capsule that will safely deliver an "egg-stronaut" back to earth. Test your design by dropping it from the stratosphere - or close!
183934 6/5

How STEM Can Change the Way We Approach Lifelong Medical Conditions (Ages 12-18) - Thursday, July 25, 2:00 to 3:30 pm. Chimacum High School Student Ava Vaughan will share her journey of personal experiences after being diagnosed with Type 1 Diabetes. Ava will discuss how scientific and technological developments have changed her life in the past year, and how she has overcome the hurdles and obstacles of Type 1 Diabetes.
183926 6/5

Idea Hatch: Space Quest (All Ages) - Wednesday, July 3, 2:00 to 4:00 pm. Expand your knowledge of the universe through several interactive activity stations. Test real meteorites with robots, peer into an infinity star box, experience space virtual reality and more. Brought to you by Idea Hatch.
183909 6/5

Kaleidoscope Play and Learn - Fridays, 10:00 to 11:30 am. Kaleidoscope Play & Learn groups are for children ages birth to 5 and their families or caregivers. Play, read, sing, and share a snack. Sessions are free and open to everyone.
183886 6/5

Lunar Touchdown (Ages 5-11) - Friday, June 28, 1:00 to 2:30 pm. A spacecraft that can land gently is important for getting astronauts to and from the moon safely. Use paper, straws, and mini-marshmallows to design and build a shock-absorbing system that will protect two "astronauts" when they land on the moon. Explore the concepts of gravity, motion, and force as you test your design and find ways to improve it.
183906 6/5

Night-Sky Photography - An Introductory Tutorial - Wednesday, July 17, 6:30 to 8:00 pm. Learn to capture the beauty of the night sky in this unique photography workshop. Amateur photographer Alan Herold will help you take stunning night sky images by showing you the best camera settings and shooting techniques. He'll discuss equipment, provide guidance on post-processing

and editing, and present a slideshow showcasing his own images.
183921 6/5

Poets in Conversation: Tess Gallagher and Carlos Reyes - Wednesday, June 12, 6:30 to 8:00 pm. Join us for a conversation between two Northwest poets, Tess Gallagher and Carlos Reyes, who share a connection to Ireland. They will read from their recent collections and explore them in conversation with each other and with the audience.
183890 6/5

Portable Planetarium: Up in the Sky (Ages 5-8) - Friday, July 26, 1:00 to 1:35 pm. Take a stargazing adventure in the Pacific Science Center's portable planetarium. Learn your way around giant "connect-the-dot" pictures in the sky. There will be an encore presentation at 1:45 pm. Space is limited, participants will be admitted on a first come first served basis. *This event takes place at the Chimacum Creek Primary School, 313 Ness' Corner Rd, Port Hadlock.*
183928 6/5

Portable Planetarium: Up in the Sky (Ages 5-8) - Friday, July 26, 1:45 to 2:20 pm. Take a stargazing adventure in the Pacific Science Center's portable planetarium. Learn your way around giant "connect-the-dot" pictures in the sky. There will be an encore presentation at 1:45 pm. Space is limited, participants will be admitted on a first come first served basis. *This event takes place at the Chimacum Creek Primary School, 313 Ness' Corner Rd, Port Hadlock.*
183929 6/5

Portable Planetarium: Up in the Sky (Ages 5-8) - Friday, July 26, 12:30 to 3:10 pm. Take a stargazing adventure in the Pacific Science Center's portable planetarium. Learn your way around giant "connect-the-dot" pictures in the sky. There will be an encore presentation at 1:45 pm. Space is limited, participants will be admitted on a first come first served basis. *This event takes place at the Chimacum Creek Primary School, 313 Ness' Corner Rd, Port Hadlock.*
183930 6/5

Portable Planetarium: Up in the Sky (Ages 5-8) - Friday, July 26, 3:15 to 4:00 pm. Take a stargazing adventure in the Pacific Science Center's portable planetarium. Learn your way around giant "connect-the-dot" pictures in the sky. There will be an encore presentation at 1:45 pm. Space is limited, participants will be admitted on a first come first served basis. *This event takes place at the Chimacum Creek Primary School, 313 Ness' Corner Rd, Port Hadlock.*
183931 6/5

Preschool Storytime - Wednesday @ 10:30 am. Bring your preschooler and enjoy stories, songs, fingerplays, and more designed to promote early learning. Preschool Storytime is followed by a craft or activity that encourages community building and enriches literacy.
183885 6/5

Read to Rover (Ages 5-11) - Fridays, July 5 - July 26, 10:30 to 11:30 am. Dogs are wonderful listeners! Bring your favorite book or choose one from the library, then build reading skills and confidence by reading aloud to a certified therapy dog. Space is limited, so drop by the library or call 360-385-6544 to register for a 15-minute session.
183910 6/5

Space Trivia at the Keg & I Taproom - Tuesday, July 16, 7:00 to 9:00 pm. Join library staff in a night of friendly competition. Tonight the theme is space, so study up on your stars, constellations, and planets. Bring your team or come solo, test your knowledge, and win prizes. An extra point will be awarded to teams who present their library cards. Must be 21 or over to attend. *This event takes place at The Keg & I Taproom, 1291 Chimacum Road, Port Hadlock, WA.*
183919 6/5

*ANNUAL PERCENTAGE RATE (APR) is a promotional rate that applies to new Peninsula Home Equity line of credit accounts approved between May 31, 2019 and August 31, 2019 (already established lines do not qualify). Stated promotional rate is based on original loan to value of 80% or less and excludes manufactured or mobile homes. Based on the original loan to value and credit worthiness, your promotional rate may vary. Advances posted at the promotional rate will accrue at the promotional rate until twelve (12) months from the original closing date. After twelve (12) month anniversary date, the non-promotional variable rates will go into effect. Non-promotional rates may vary and will not exceed 18.00% APR over the life of the loan. Borrow at 4.00% APR for 20 years and make monthly payments of \$6.06 per \$1,000 borrowed. Loans are subject to credit approval and PCFCU membership is required. Property must be owner occupied, not subject to sale, and located in the State of Washington. No closing costs except appraisal if required (estimated appraisal cost \$900). Property insurance is required (if the property is located in a special Flood Hazard Area we will require you to obtain flood insurance). Other conditions or limitation may apply. Reimbursement of actual processing fees of \$200-\$900 will be applied to loan payoff if loan is closed in the first 60 months (5 years).

Much Ado About Summer

Key City Public Theater offers summer theater camps

LEADER NEWS STAFF
NEWS@PTLEADER.COM

Calling all lords and ladies: Key City Public Theatre is hosting two youth summer camps this July.

The nonprofit theatre company will offer two weeks of camp leading up to its August Shakespeare in the Park production. The first camp will be for ages 4 to 7 from 9 a.m. to noon on July 15-19. With games, skits, props and improvisation, Key City Public Theatre actors and artists will lead kids on an exploration of Shakespeare's plays in three-hour sessions. Parents are welcome to sit in. The second camp is for ages 8 to 12. The "Merry Wives" intensive will include sessions

from 10 a.m. to 3 p.m. on July 22-25. The first half of the day will be devoted to skill-building techniques for performing Shakespeare, including character, ensemble, scene work, stage combat, physical theater, and more. The afternoon sessions will allow students to participate in an immersive rehearsal experience with KCPT's company and cast of "The Merry Wives of Windsor," which will open the first Friday of August at Chetzemoka Park. Campers will have

the opportunity to participate in rehearsals and appear in the production. According to a press release from Key City Public Theatre, the play will unfold like a giant community picnic, with sack races, tug o'war and other merriment mixed into the action. "We hope to foster lifelong theater lovers," said Artistic Director Denise Winter, "by offering these fun, memorable experiences for kids and their families." Also coming up this summer is the troupe's production of "The

Decline and Fall of the Entire World As Seen Through the Eyes of Cole Porter," a musical that opens June 7 and runs through June 30. The Shakespeare in the Park production of "The Merry Wives of Windsor," begins in August, and runs on Fridays, Saturdays and Sundays through August 25. Each play will be performed in Chetzemoka Park in Port Townsend. To learn more about summer programs and upcoming plays, visit keycitypublictheatre.org.

Immersion in marine science a summer option

Marine Science Center offers camps and experiences

BRENNAN LABRIE
BLABRIE@PTLEADER.COM

The Port Townsend Marine Science Center is offering numerous youth summer camps this summer, as well as other educational opportunities for the whole family.

From July 23-26, the Center offers a "Longboat Explorations Camp," in which children ages 13-15 can learn about marine ecology and conservation on the water, collecting scientific data on the Northwest Maritime Center's historic longboats, visiting some areas only accessible by boat. The camp goes from Tuesday to Friday and includes two day-long expeditions.

The "Coastal Explorers" camp, from July 8-12, allows children aged 8-9 to explore coastal environments of beach, glacial bluff, forest and meadow and learn how they support life in coastal ecosystems.

The Marine Biology camp, for 10-12 year olds, is from July 15-19 and is made up of classes, lab and field programs that include sieving through sediments, identify-

ing plankton through microscopes, and articulating a gray whale skeleton.

An Art Camp called "Art in Nature," run by the Port Townsend School of Arts in conjunction with the Marine Science Center and the Jefferson Land Trust, allows children in grades 4-8 to explore the intersection of art and nature throughout Fort Worden, learning about the local ecosystems and creating studio art based on them with a student art show at the PTMSC aquarium finishing the week off.

There will be a volunteer information session on June 11 at the PTMSC Museum Classroom in building 502 across from the aquarium.

The PTMSC is offering low tide walks, in which people can explore tide pools and learn about the challenges that organisms in the intertidal zone face, on various weekends throughout the summer. On June 16, it will be from 9:30-11 a.m. On July 4 it will be from 11 a.m. to 1 p.m., on July 14 it will be from 9 a.m. to 11 a.m., on August 3 it will be from 11 a.m. to 1 p.m., and on August 31 it will be from 10 a.m. to noon. The walks cost \$5 for adults and \$3 for children over five, and groups meet at the PTMSC Museum portico.

The PTMSC and Puget Sound Express are offering Sum-

mer Puffin Cruises every Saturday from June 29 through August 10 from 6-9 p.m. Cruises will leave from Point Hudson Marina and voyage to Protection Island to learn about the history of the Protection Island Wildlife Refuge and its wildlife, with possible glimpses of Tufted Puffins in one of their last two nesting colonies in the Puget Sound. The cruise costs \$80 and \$60 for PTMSC members.

The PTMSC will host the Orca and Salmon Festival at its Fort Worden campus on June 15. According to the PTMSC website, the festival is "an annual tradition of celebrating the ecosystems that make up the Salish Sea, and deepening our relationship and responsibility to them." The festival is being produced in partnership between the Port Townsend Marine Science Center, Puget Sound Express, North Olympic Salmon Coalition, Port Townsend School District and Thunderbull Productions. There will be free entrance to the Marine Science Center from 11 a.m. to 3 p.m., Salmon & Orca hat making with North Olympic Salmon Coalition from 11 a.m. to 2 p.m., tours of Hope at 1 p.m. and 2 p.m. and an educational exhibit for children including Fin the Migrating Salmon.

Full summer camps with a waiting list include "Seal Pups," for ages 3-4, "Junior Explorers" for ages 5-7 and "Marine Biology, Afoot and Afloat."

Coding camp returns to PT library

Kids 8 to 12 can learn valuable technical skills

CARMEN JARAMILLO
CJARAMILLO@PTLEADER.COM

One event the Port Townsend Library is excited to bring back this year is the weekly coding club for kids ages 8 to 12.

Kids can drop in weekly every Wednesday from 1:30 to 3 p.m. to develop and hone beginner and advanced coding skills.

The program begins June 26 and kids will start off learning from a program called Scratch which Gage Pacifera, the main organizer of the program, said helps kids learn

Code Campers at Port Townsend Library learn to use code-practice software to learn to write the computer code that operates everything from games to industrial machinery. Photo courtesy Hilary Verheggen

to code through visual representation. "In this day and age having a fluency in coding and building software is becoming more and more important," Pacifera said. "It should be taught like a foreign language, every kid should have a taste of it." As the weeks progress the kids will be led through activities by volunteers until they are writing their own code.

Last year the event had a regular attendance of 10 to 15 kids, youth services manager Hilary Verhaggen said, and they hope it will be just as successful this year. Pacifera said while the program is perfect for kids who enjoy math and problem solving, the technical skills which will be developed are universally applicable.
